

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

## REPORT OF TRUSTEES.

---

The Trustees of the Public Library respectfully submit their twelfth annual report for the year ending December 31, 1883 :

Beyond the usual statistics annually prepared by the librarian, we have but little to communicate. There were in the library at the date of the last report 7,883 volumes. The additions during the year have been 227 volumes, of which 43 were presented, and 184 were purchased ; 13 of the latter to replace books condemned as unfit for further use. The whole number of volumes now in the library is 8,097. The library was open for the delivery of books 193 days, and the number of volumes issued was 20,825, making an average daily circulation of 107 volumes. The number of new applicants for books was 252, and the whole number of persons now registered is 2,226. Of the books circulated during the year three only are reported as lost or unaccounted for.

The comparative use of the different classes of books is shown in the following table :

Fiction	-	-	-	12,024 volumes.	57.8 per cent.
Juveniles	-	-	-	5,568 "	26.8 " "
Miscellany	-	-	-	1,485 "	7.1 " "
Travels	-	-	-	623 "	3. " "
History	-	-	-	439 "	2.1 " "
Biography	-	-	-	417 "	2. " "
Poetry	-	-	-	269 "	1.2 " "

The nearly uniform character of the circulation for the past three years may be seen in the following statement :—

		1881.	1882.	1883.
		PER CENT.	PER CENT.	PER CENT.
Fiction	- -	59.7	55.6	57.8
Juveniles	- -	22.6	27.4	26.8
Miscellany	-	7.1	7.3	7.1
Travels	-	2.8	3.6	3.
History	- -	2.	2.3	2.1
Biography	-	4.1	2.1	2.
Poetry	- -	1.7	1.7	1.2

The whole number of books distributed through the agencies during the year was 3,306. Of this number 2,031 volumes were delivered from the agency at West Dedham, and 1,275 volumes from that at East Dedham. The largest number given out at West Dedham, on any one day, was 56 ; at East Dedham 33. It is now nearly four years since the establishment of these agencies, and the system seems to have worked satisfactorily, and to have proved of advantage in extending the use of the library with but a moderate additional expense. The comparative use of books from the library by the two communities in which the agencies are respectively located is exhibited in the following table :

	1880 (8mos.)	1881.	1882.	1883.
Delivered at W. Dedham Agency,	1,030	2,406	2,263	2,031
Delivered at E. Dedham Agency,	2,053	2,135	1,613	1,275
Total delivery from agencies, -	3,083	4,541	3,876	3,306

The most noticeable fact revealed by this table is the rapid decrease in the circulation from the agency at East Dedham. Several causes might be mentioned which probably contribute to this result, but we believe it can in no degree be attributed to any neglect or mismanagement at the agency, which has from the first continued in the charge of Miss Keelan, who has performed her duties in

a faithful and efficient manner. The expense of maintaining the agencies during the year has been \$296.15, of which sum \$100 was expended at West Dedham, and \$196.15 at East Dedham.

Donations to the library have been received from the following persons and institutions:—

Dr. William Bullard	-	-	-	-	-	-	-	1 volume.
Boston Public Library	-	-	-	-	-	-	-	2 pamphlets.
Bureau of Education	-	-	-	-	-	-	-	7 pamphlets
Horatio C. Burchard	-	-	-	-	-	-	-	3 pamphlets.
Hon. John W. Candler	-	-	-	-	-	-	-	13 volumes, 2 pamphlets.
Munroe Chickering	-	-	-	-	-	-	-	2 volumes.
Commonwealth of Massachusetts	-	-	-	-	-	-	-	11 volumes.
Chicago Public Library	-	-	-	-	-	-	-	1 pamphlet.
Department of Interior	-	-	-	-	-	-	-	3 volumes.
Joseph A. Laforme	-	-	-	-	-	-	-	Catholic World, 1 year.
A Friend	-	-	-	-	-	-	-	5 volumes.
William H. Gleason	-	-	-	-	-	-	-	1 volume, 4 pamphlets.
Eben N. Hewins	-	-	-	-	-	-	-	2 volumes, 10 pamphlets.
Mercantile Library, San Francisco	-	-	-	-	-	-	-	1 pamphlet.
Massachusetts Teachers' Association	-	-	-	-	-	-	-	1 pamphlet.
Newton Public Library	-	-	-	-	-	-	-	1 pamphlet.
N. E. Conservatory of Music	-	-	-	-	-	-	-	1 pamphlet.
Peabody Institute	-	-	-	-	-	-	-	1 pamphlet.
Polytechnic Institute, Terre Haute	-	-	-	-	-	-	-	1 pamphlet.
Signal Office	-	-	-	-	-	-	-	1 volume.
J. H. Tuttle	-	-	-	-	-	-	-	1 volume.
Town of Milford	-	-	-	-	-	-	-	1 volume.
Woburn Public Library	-	-	-	-	-	-	-	2 pamphlets.
Woman's Medical College, Philadelphia	-	-	-	-	-	-	-	1 pamphlet.
George Wight	-	-	-	-	-	-	-	2 volumes.
Yale College	-	-	-	-	-	-	-	1 pamphlet.

By the financial statement of the Treasurer, appended to this report, it appears that the total receipts for the year were \$2,610.70, and the payments \$2,537.01, and there is now in the treasury a balance of \$597.98.

The usefulness and value of the library are now so generally understood and appreciated that it is needless for us to enlarge upon that subject, and we content ourselves with simply reporting its present condition and its

work for the year just completed. That it will continue to merit for the future, as it has received in the past, the liberal and unfailing support of the intelligent citizens of the town, is the earnest hope of all connected with its management.

In behalf of the Trustees,

ALFRED HEWINS, *President.*

## REPORT OF TRUSTEES.

---

The Trustees of the Public Library respectfully submit their fourteenth annual report for the year ending December 31, 1885 :

A statement, in detail, of the financial condition of the library will be found in the report of the Treasurer. The total receipts for the year just closed were \$2,222.25 and the expenditures amounted to \$2,377.04. The balance now in the treasury is \$558.65

The number of books issued during the year was 21,170 ; a slight falling off from the circulation of the previous year. The average daily circulation was 107 volumes. The number of volumes added to the library since the last report is 465 ; of which 367 were purchased and 98 were presented. The whole number of volumes now in the library is 8753. The whole number of applicants for books as now registered by the librarian is 2797 ; an increase of 306 over the number recorded last year. Of the books circulated during the year, two volumes only are reported as lost or unaccounted for.

The character of the books circulated is shown by the following analysis :

Fiction . . .	11,415 volumes.	54	per cent.
Juveniles . . .	6,065 "	28.7	" "
Miscellany . . .	1,701 "	8	" "
Travels . . .	643 "	3	" "
History . . .	513 "	2.4	" "
Biography . . .	511 "	2.4	" "
Poetry . . .	322 "	1.5	" "

The number of books delivered from the agencies since the last report is as follows :

Whole number delivered, 3569.

Number delivered at West Dedham, 2,092 ; at East Dedham, 1,477.

Largest delivery in one day at West Dedham, 62 ; at East Dedham, 29.

Average weekly delivery at West Dedham, 42 ; at East Dedham, 30.

A comparison of this statement with the report of last year, shows an increase of 395 volumes in the number of books issued through the agency at East Dedham and of 53 volumes through the agency at West Dedham.

The cost of maintaining the agencies for the year was \$287.37 ; of which sum \$100 was expended at West Dedham, and \$187.37 at East Dedham.

The following is a complete list of donations received during the year :—

Atchison, Topeka & Santa Fe R. R.....	1 pamphlet.
Rev. A. M. Backus.....	The Living Church.
Rev. S. C. Beach.....	Unitarian Review.

Yale College .....	1 pamphlet.

The foregoing brief review of the general results of its administration for the year gives evidence that the library is steadily improving in value and increasing its hold upon the popular regard. In considering the question how it may still further enlarge its opportunities for usefulness and meet more fully the requirements of the rapidly increasing number of persons who find its collections indispensable for study and reading, two suggestions have been made:—first, the publication of a good catalogue that shall give full information as to the entire contents of the library; and second, the opening of the institution to the public on six days of the week instead of four as at present arranged. The need of a new and complete catalogue is so generally recognized and has so frequently been alluded to in former reports as to call for no further discussion; and your Trustees will gladly respond to the general request that the Library and Reading Room shall be daily accessible to their numerous patrons whenever the requisite means can be secured for that purpose. We are unable at the present time to give a reliable estimate of the probable expense that would attend the execution of these plans, but shall

cause such estimate to be made previous to the annual meeting of the citizens of the town in April. The liberal action of the voters on all former occasions when appeals have been made in behalf of the library, justifies our confident belief that they will either share with our institution the cost of undertakings so much beyond the limited means at our disposal, or will generously assume the entire expense in view of the great benefits to be derived by all classes of the community.

In behalf of the Trustees,

ALFRED HEWINS, *President.*

## ABSTRACT OF THE TREASURER'S ACCOUNTS.

### RECEIPTS.

Income from Charles Bullard Fund.....	\$192 00

## REPORT OF TRUSTEES.

---

The Trustees of the Public Library respectfully submit their fifteenth annual report for the year ending December 31, 1886 :

The present condition of the Library, as well as its work for the year, may be briefly stated as follows:—It now contains 9,372 volumes. Of these, 619 were added during the year; 192 by purchase, and 427 by donation. The number of days during which books were delivered for the year is 259, and the whole number of volumes issued, 21,642; making an average daily circulation of 84. The number of new borrowers registered upon the book of the Librarian was 266.

The comparative use of the different classes of books is shown in the following analysis :

Fiction,	.	.	.	10,977 volumes.	50.7 per cent.
Juveniles,	.	.	.	7,164 “	33.1 “ “
Miscellany,	.	.	.	1,571 “	7.3 “ “
Travels,	.	.	.	618 “	2.9 “ “
History,	.	.	.	561 “	2.6 “ “
Biography,	.	.	.	441 “	2 “ “
Poetry,	.	.	.	310 “	1.4 “ “

The whole number of books distributed through the agencies during the year was 3,296.

Number delivered at West Dedham, 1,671; at East Dedham, 1,625.

Largest delivery in one day at West Dedham, 52; at East Dedham, 51.

Average weekly delivery at West Dedham, 32; at East Dedham, 31.

As compared with the report of last year, there was an increase of 148 volumes in the circulation at the East Ded-

ham agency, and a decline of 421 volumes in the circulation at the agency at West Dedham.

The cost of maintaining the agencies for the year was \$286.27 ; of which sum \$100 was expended at West Dedham, and \$186.27 at East Dedham.

The statement of the Treasurer shows the expenditures made during the year for the purchase and binding of books and of periodicals to have been \$389.75, and the sums paid for the ordinary and incidental charges of the Library to have been \$1,224.84.

In the will of the late Hannah Shuttleworth, whose name will ever be held in grateful remembrance by the citizens of Dedham, occurs the following item :—

FOURTH—“ I give and bequeath to the Dedham Public Library, a corporation established by law in Dedham, the sum of ten thousand dollars, the same to be used, with other funds given to said corporation for the same purpose, in the erection of a library building in the Village of Dedham, for the use of the inhabitants of Dedham ; and until the said sum of ten thousand dollars shall be required for the erection of a Library building, the said corporation shall invest the said sum in sound securities and apply the interest and income, or so much thereof as it may deem expedient, to the purchase of and binding books for said Dedham Public Library.”

This generous bequest has greatly strengthened the resources of the library, and made available for immediate use the trust fund of ten thousand dollars bequeathed to the library by the late John Bullard, under the following conditions :—

“ In case at any time, after my decease, the said Dedham Public Library shall raise or become possessed of the further sum of ten thousand dollars (exclusive of this bequest and its accumulations) to be used in the erection of a library building, then, and in such case, I do hereby authorize and empower the said trustees to use and apply the said trust fund of ten thousand dollars hereby bequeathed, together with all accumulations thereof, to the erection in

the said Village of Dedham of a public building of stone or brick, for the express use of said Dedham Public Library, which said building shall contain suitable and proper accommodation for the books of said Library, and also all necessary and suitable Reading and Committee Rooms."

We heartily congratulate the members of the corporation that such an inheritance has come into our possession in a year so eventful in our local history, and we are confident that none will question the propriety of our action in taking immediate steps for the erection of a building that, we trust, when completed, will stand for centuries as a memorial of the wise foresight and generous public spirit of these two worthy representatives of families long honored in our ancient town.

At a special meeting of the Trustees held in March, Messrs. John R. Bullard and Alfred Hewins were appointed a committee "to secure the Gay lot and such other adjoining land as may be necessary for a suitable site upon which the corporation may erect a library building." In accordance with this vote the Gay lot was purchased in April, of the heirs of the late Waldo Colburn, for the sum of \$1200, and an adjoining lot, belonging to the estate of the late George W. Fisher, was bought at the same time for the sum of \$800. In June, the same committee were authorized to make a still further purchase of adjoining land, so that the library lot now comprises an area of 19,101 square feet, with a front of 185.67 feet upon Norfolk street, and of 146.8 feet upon Church street, at a total cost of \$5200.

In the summer, Messrs. Van Brunt and Howe, architects of well known repute and ability, had been selected by the committee to prepare plans and estimates for a library building, and in September, after careful examination and consideration, the plans were accepted by the Trustees and submitted to the corporation for approval at a special meeting held Sept. 22, at which the following vote was unanimously passed:—

Voted—"That the plans and elevation of a building for the library, together with the working plans and specifications made by Van Brunt and Howe, architects, be accepted, and that Alfred Hewins and John R. Bullard be a committee to expend in the erection of said building, upon the lot recently purchased at the corner of Church and Norfolk streets, the John Bullard Fund, the Hannah Shuttleworth Fund, and four thousand dollars of the general fund now in the treasury; and to this end said committee is hereby fully empowered for and in behalf of the Dedham Public Library, to enter into any contract and to do any act which, in their judgment, shall be necessary and proper for the erection and completion of said building, provided that no obligation shall be entered into calling for the expenditure of more money than is in the treasury, applicable to said erection, at the creation of said obligation."

Acting under the authority conferred by this vote, the committee in the early autumn executed a contract with the experienced and responsible firm of Bartlett Brothers of East Whately, Mass., for the erection of a stone structure, and ground was broken for the foundations on the thirteenth of October. These have been substantially laid, and work upon the walls is now suspended till the spring shall open, when, we trust, the building will be rapidly pushed forward to a successful completion.

It is not our present purpose to give any description of the edifice beyond the general statement that, in its architectural design and details of material and construction, we believe it will satisfy the most cultivated taste, and greatly contribute to the adornment of our beautiful village.

At the annual meeting in April the voters of the town, in response to our request, generously appropriated four hundred dollars towards defraying the expense of a new catalogue; this sum, in addition to six hundred dollars voted by the Trustees for the same purpose, it is believed, will be sufficient to furnish a good and satisfactory catalogue that will meet all the present requirements of the library. It is the intention of the committee, to whom was

intrusted the preparation of the new catalogue, to have the same in readiness for use when the new building shall be opened to the public.

At a special meeting of the Trustees, held in April last, it was voted that on and after May 1, 1886, the Library and Reading Room shall be open to the public every week day from 2 to 6 and from 7 to 9 o'clock P. M., except on legal holidays, or when closed by a special vote of the Trustees. This extension of privilege gave great satisfaction to our numerous readers, and may be regarded as anticipating by a few years only the time when the library will be open to its patrons every morning also, for thus only will the full advantages to be derived from such an institution be made available to the community.

The salary of the Librarian—whose long and eminently efficient service deserves especial commendation—was, by the unanimous vote of the Trustees, increased to five hundred dollars per annum from the first of May, when the foregoing new regulation went into effect.

The Trustees would gratefully acknowledge the following donations of books and pamphlets received during the year :—

---

REPORT OF THE TRUSTEES  
OF THE  
DEDHAM PUBLIC LIBRARY,

*For the year ending January 31, 1896.*

---

## REPORT OF THE TRUSTEES OF THE PUBLIC LIBRARY.

---

*To the Inhabitants of the Town of Dedham:—*

During the year the library has been open two hundred and ninety-one days, and 27,092 volumes have been issued. Of these 8,026 were sent out through the schools, viz:—

Avery,	3312,	Ames,	3180,	Oakdale,	1014,
Quincy,	239,	Riverdale,	211,	Burgess,	70.

Eight hundred and twenty-five books have been sent to the West Dedham branch.

Three hundred and eight names have been registered, making thirty-seven hundred and thirty-eight in all.

Seven hundred and eighty-six volumes have been added, making thirteen thousand four hundred and ninety as the total number.

The card catalogue for which the town made provision last year has been completed and is in use.

It will be noticed by the above statistics that there has been increased interest in the library during the past year, and that the system introduced by the trustees a year ago of special cards for use of the schools under the direction of the superintendent, with the assistance of the teachers, has been productive of satisfactory results; the trustees wish to record their thanks to Mr. Hine and his assistants for their effective co-operation in this work.

The reading room in the new school-house at East Dedham, opened early in January, offers a pleasant and attractive resort to the citizens of that portion of the town.

The reading room and branch library at West Dedham has been removed to the Colburn School-house, and the change has resulted in a larger use of the facilities afforded as shown in the number of books taken out (1026) in addition to those taken from the Central Library.

The trustees recommend the appropriation of twenty-five hundred and fifty dollars for library purposes. This amount would allow the expenditure of three hundred dollars for the East Dedham Reading Room.

For the Trustees,

J. R. BULLARD,

Chairman.

Dedham, Jan. 31, 1896.

## A LIST OF BOOKS

*Added to the Library for the year 1895.*

---

### PHILOSOPHY.

The Churchman,  
 Congregationalist,  
 Donahoe's Magazine,  
 Home Market Club,  
 The Manifesto,  
 Our Dumb Animals.

## REPORT OF THE TRUSTEES OF THE PUBLIC LIBRARY.

---

*To the Inhabitants of the Town of Dedham:*

During the year the Library has been open 291 days, and 27,764 volumes have been issued. Of these 8,607 have been sent out through the schools, viz :

Ames, . . . . .	3,754
Avery, . . . . .	3,551
Oakdale, . . . . .	979
Riverdale, . . . . .	222
Quincy, . . . . .	101

669 books have been sent to the West Dedham branch. 598 volumes have been added, including 168 by presentation, making the whole number of books in the Library 14,080.

The increasing demand for books to meet the needs of the school children, a demand which is regulated and guided by the teachers and the Superintendent of Schools, should be encouraged.

The additional outlay needed for this comparatively new part of the Library work is a promising investment.

The appropriation of \$2,850 is recommended for the coming year, which amount would allow an expenditure of \$300 for the East Dedham reading room.

For the Trustees,

JOHN R. BULLARD,  
Chairman.

Dedham, January 31, 1897.

## A LIST OF BOOKS

*Added to the Library, for the year ending Jan. 31, 1897.*

## TRUSTEES' REPORT.

---

*To the Inhabitants of the Town of Dedham :—*

EVERY year that has passed since the Town acquired the very handsome, commodious and well arranged Public Library building, has shown how great an advantage it has been, both as an educating force, and as a free gift to the people of the use of a large and interesting collection of books. It has been the aim of the Trustees to meet the wishes of the people, so far as they could be ascertained, by furnishing books which would satisfy and interest those who wished for light and entertaining reading, and also, in some degree, those who sought to consult and study books of a more permanent and lasting nature.

In any public library the majority of the new books are necessarily works of fiction, or upon current topics of the day, and more or less of a transient nature, as Trustees generally feel it their duty, the yearly funds for the purchase being furnished by the Town, to supply the books most desired, if their contents shall be free from immoral tendency. While recognizing the propriety of such a policy, your Trustees have also considered it desirable that some part of the appropriation should be applied to the more permanent equipment of the Library with a due proportion of standard works in history, art and general literature, and such encyclopaedias and books of reference as would make it really useful to students seeking information and aid in their particular work. It is believed that a proper balance has been fairly held so that all classes of readers have been well accommodated.

As part of the general plan we have also used a portion of the funds, under the advice of the school teachers, to provide a fair number of books which could be used by the school children in connection with their studies, and this has proved a very successful and a very useful feature of the Library. The habit of reading upon topics related to the school training has not only aided the scholars for the time being, but has also taught them how to read intelligently for a purpose, and has inspired in them a taste for future reading and some knowledge of how to select books which will not only entertain, but help them.

Of course the Library is far short yet of a thorough collection of standard works, but for its size, and with the limited amount that can be spent from year to year, it possesses already a very good list, and if the present system shall be continued in future years it will soon be well equipped without trenching upon the just demands of the people for the current and more entertaining literature.

Each year a portion of the appropriation has been expended in re-binding or replacing the more popular books and in some cases in duplicating those for which the demand has been great.

The number of books steadily increases, 710 having been purchased the past year, and 186 having been presented, besides 212 pamphlets.

There are now 15,874 books in the Library.

The number of deliveries during the year was 29,318, an increase of 1450 over the previous year, and of these over 8000 were taken out by the schools. The largest delivery in any one day was Dec. 1, 308 books.

The East Dedham branch has been very successful, the attendance has been large and the room has been excellently managed. During the year about 4,500 readers have availed themselves of the privileges of the reading room.

Early in the fall an entirely new system of delivery based upon the experience of other successful libraries was introduced, under which, when fully carried out, a quicker delivery can be made, and at the same time the Librarian will be better able to keep the run of the books, will know at all times to whom they were delivered, and can easily ascertain the extent of the demand for any one book or set of books. This system went into operation Nov. 1, and a little more time will be required to fully test it, but the increase of deliveries already shown proves that it has been a marked success. Since the system was adopted 859 cards have been issued to persons over fourteen years of age, and 420 to pupils of the schools under fourteen.

The practice of placing the new books upon the counter for inspection has proved a great convenience and has evidently met with popular approval.

The Library has received with gratitude a donation of \$100 from the estate of Daniel W. Parker of Westwood, for general use in the purchase of books.

Donations of this nature add materially to the value of the Library, and public spirited citizens who feel interested in such work can nobly supplement the yearly grant of the Town by gifts of money, books, or works of art. The great need of a public library such as this is a permanent fund to furnish income sufficient to purchase a supply of new books equal to the increasing demand. It should be remembered that the grant by the Town is largely used for the running expenses of the Library, leaving but a comparatively small sum for new books.

An appropriation of \$3000, the same as last year, is recommended for the Library and the continuation of the Reading Room at East Dedham.

For the Trustees,

WINSLOW WARREN,

*Chairman.*

DEDHAM, Jan. 31, 1899.

## LIST OF BOOKS

FOR THE YEAR ENDING JANUARY 31, 1899.

---

*Juvenile Books are marked with a star [\*].*

## TRUSTEES' REPORT.

---

*To the Inhabitants of the Town of Dedham:—*

THE Public Library has continued during the past year to meet in an acceptable manner the demands of the town and to furnish, as liberally as its means would allow, good reading to suit the differing tastes of the citizens.

It cannot be expected that a Library without large endowments and depending upon an annual town appropriation can provide for all wants, but it has been the endeavor of the Trustees by careful selection to make the appropriation go as far as possible in procuring books of the day, which afford a mere temporary amusement, and also to add to the permanent value of the collection by a reasonable proportion of standard works, and of those which may be of value for reference by scholars and students.

The connection with the schools formed several years since has proved a great success, and by furnishing a selection of books especially for aid of teachers and scholars the Trustees feel that in some measure the Library adds to the working efficiency of the schools. This is an important department of the Library, and we feel that especial attention should be given to it in the future, and that work in that direction should receive like encouragement that of supplying books for general readers.

We would call the attention of any liberal citizens who desire to help on the cause of education to the great opportunity here afforded for the use of larger funds than the town can be expected to provide, and to the need for the library of engravings or pictures which may avail in that direction.

During the year the Library has been open for the delivery of books 293 days, and in that time 33,131 volumes have been given out, of which 9,885 were sent for use in the schools. The largest number delivered in any one day was 303 on January 3, 1900.

485 new cards have been delivered to holders, making a total registry now of 1,764.

The whole number of volumes now in the Library is 16,660, although that number includes many bound volumes of Public Documents which are seldom consulted.

786 volumes have been added during the year, of which 634 were purchased (including 44 to replace books worn out), and 152 presented. Twenty bound magazines are included in the number; 266 pamphlets have also been added. 218 volumes have been rebound.

A thorough examination of the works of fiction and juvenile books is now being made. Some of these may be discarded as obsolete, or of no permanent value, and some can be rebound. A considerable number, however, used mostly by children, are no longer fit for distribution, and at convenient seasons a portion of them may be replaced by new editions,—only such, however, as may be considered as standard works in the particular department.

The supply of books for scholars and Debating Clubs is still very limited, and not equal to the demand; especially is that true of books on science, history, and biography. The publications on current events are very numerous, more particularly of the recent wars,—a portion of these have been added, but very many issued are of an ephemeral nature, or so inaccurate or sensational as to be of little value.

The Massachusetts Library Club met in Dedham in April, and was largely attended. Many interesting addresses were made upon library matters, and the Library Building was visited by the delegates and very favorably commented upon.

The card system introduced in 1898 has worked very well, and facilitated the delivery of books without adding to the labor of the Librarian.

Through the Library Bureau the Trustees receive now a card catalogue of practically all new books published in this country from which selections can be made for the Library, the cards selected then being used in our system of cataloging,—while those remaining cards are kept in a place by themselves for the benefit of visitors to the Library or for suggestion of books demanded by the public.

The East Dedham Branch of the Library retains its usefulness, and meets the convenience of dwellers in its neighborhood. During the year about 3700 readers have availed themselves of its privileges.

The Reading Room has been as largely used as in former years, and would be more so if the Trustees were able to meet the demand for reference and other books before referred to, and for pictures and illustrations to make the reading room more attractive as well as instructive.

An appropriation of \$3,000, the same as last year, is recommended for the Library and the continuation of the Reading Room at East Dedham.

For the Trustees,

WINSLOW WARREN,

*Chairman*

DEDHAM, January 31, 1900.

DEDHAM PUBLIC LIBRARY.

---

TRUSTEES ANNUAL REPORT.

AND

LIST OF BOOKS ADDED

TO THE LIBRARY,

1900-1901.

DEDHAM:

J. F. REILLY, PRINTER.

1901.

## TRUSTEES REPORT.

*To the Inhabitants of the Town of Dedham:—*

THE yearly report for the Library shows very much the same condition of affairs as in previous years. It has not been without its use to the people of Dedham and has furnished a good deal of entertaining reading besides proving a valuable adjunct to the schools. The whole number of volumes in the Library are 17,609, but a mere statement of numbers affords no evidence of the value of a library without some knowledge of the character and importance of the various books.

In a town of the size of Dedham with the limited amount of money which can be applied to the purchase of books it cannot be expected that a public library will gather a very important collection so far as standard books of permanent value are concerned yet an examination of our library will show that besides the books for general circulation,—many of which must be of a light and ephemeral nature,—there are in the library many valuable works of reference, quite a large number of books of a historical and scientific nature, and a yet larger number of standard novels, biography and poetry. A certain amount of useless literature like public documents, patent office reports, books that are obsolete or of a mere temporary value will drift into any library, but we have only a limited number that can be characterized as entirely useless. A certain proportion also of the books purchased for school use become out of date and valueless, but they are not of large cost, and do good work for some time after purchase.

The library has been open 291 days, and 34,325 volumes have been given out, of which 10,551 were for use of the

schools : 3714 Ames School, 5218 Avery School, 1619 Oakdale School.

At the East Dedham branch we have had 3844 readers. 325 new cards have been issued making 2116 in all.

The largest number of volumes issued in any one day was 316, December 5, 1900.

During the year we have added 949 volumes, 628 having been purchased, — including 295 to replace books worn out, — 30 volumes of magazines have been bound, and 291 volumes have been presented, mostly public documents.

304 pamphlets of more or less importance have been also added and 525 volumes have been rebound.

A great many books have been worn out by use and should be replaced or rebound. Out of the appropriation made by the town for the care of the library, but \$700 or \$800 can be used for such purpose and for purchase of books. This will not allow of a very extensive purchase, nor of many books of reference such as a library should always contain. During the coming year, an unusual amount will necessarily be required to replace books and to repair those which have become dilapidated, and it must be borne in mind that the Library building every year requires a certain amount from the appropriation for ordinary repairs ; the Trustees, therefore, would estimate for the needs of the Library the coming year the sum of \$3500, and would ask that appropriation by the town to keep the Library up to its usual standard.

## REPORT OF THE TRUSTEES.

---

JANUARY 31, 1907.

*To the Inhabitants of the Town of Dedham :—*

The Trustees of the Dedham Public Library respectfully submit their report for the year ending with date.

The Board was organized on March 13, 1906, as indicated on a preceding page. There have been four stated meetings; and the Book Committee has held several meetings at irregular intervals to decide upon books to be bought and to attend to other matters coming within their prescribed duties.

With a limited amount of money for the purchase of books, the Trustees have used their best discretion in selecting those of the highest merit and usefulness.

The work of the Library has proceeded without interruption or change, and there is an increasing demand for books and periodicals. The part of the reading room reserved for the use of children, more than a year ago, is well patronized and seems to be appreciated.

The interior adornment of the Library with paintings, engravings and statuary, would be a great addition to its attractiveness, and would serve as an inspiration to higher thinking, or as a memorial of those who have been leaders of thought and activity in the

literary world. It is not less to be desired that the example of other large libraries should be followed in making also a collection of such photographs and engravings as may be useful for exhibition, for students, and in connection with the public schools.

Valuable additions to the Library, which would help to carry on its important work, are welcomed by the Trustees, as such gifts would furnish much that the lack of sufficient funds does not allow them to buy. They believe that the Library should be a strong educational power in the community, and with this in view have asked for an increase in the appropriation.

The Trustees regret to learn the intention of their associate, Mr. Alfred Hewins, to decline a re-election to the Board. It seems fitting that some recognition of his thirty-six years of service should be made here. Of the eight incorporators, in March, 1871, Waldo Colburn, Thomas L. Wakefield, Edward Stimson, Edmund Quincy, William Chickering, Erastus Worthington, Alfred Hewins, and Henry O. Hildreth, Mr. Hewins alone survives.

He was president of the corporation from its beginning, in 1871, to the transfer of its property to the town in April, 1889, when he was followed by the late John R. Bullard, from 1889 to 1898, and he in turn by Hon. Winslow Warren until March, 1906. His earnest and untiring efforts in the cause of the Library, the completion of the beautiful Library building, and in the final transfer of the whole property to the town are well remembered and appreciated.

For several years the plan of keeping recent purchases in racks on the delivery counter has proved helpful to those who wish to see the books before making a choice. Upon request, access to the shelves may be had at any time; and for those who are following special lines of reading this privilege offers a

special advantage. All of the valuable reference books of the Library are in the reading room, easily accessible to all.

Those who fail to find in the Library the books which they are in search of, are requested to enter their names in a book furnished by the Librarian for the purpose, giving the title of the book wanted; and if the purchase is made by the Trustees, the applicant will be notified of the fact and will be allowed the first use of the book. By a system of so-called "inter-library loans," volumes may be borrowed, by the Librarian, from the Boston Public Library; and the privilege has already been used to considerable advantage.

#### BULLETINS.

During the year four bulletins have been published:—

Fiction, No. 4—April 21, 1906.

“ “ 5— “ “ “

“ “ 6—November 10, 1906.

History, “ 2—December 1, “

These, as well as preceding numbers, may be obtained of the Librarian, free of charge. Fifty blank books have been made to supply those who wish to keep a file of the bulletins on their reading table at home. These bulletins may be pasted on the various leaves of the book, and there will be room for future numbers. Upon request more copies of the blank books will be bound.

#### REGISTRATION.

The number of borrowers' cards at the dates of the last three reports shows the increasing demand for the use of the Library:—

	Main Library.	Oakdale.
February 1, 1905	3,299	200
“ “ 1906	3,470	293
“ “ 1907	3,738	343

### BOOKS RECEIVED.

Largest daily delivery, Main Library, November 22, 1906,	353
“ monthly “ “ January, 1907 .	4,046
“ “ “ Oakdale, June, 1906 . .	717

### SCHOOL DELIVERY.

The delivery of books to scholars in the public schools, in the various school buildings, has continued on substantially the same plan as in the last thirteen years. The Trustees fully appreciate the val-

uable service which Mr. Hine, Superintendent of Schools, and the teachers in the different grades have rendered in directing and encouraging the reading of good books by the children. A year ago a list of the best "Children's Books" was made by Mr. Hine and was published in connection with the Library report. It is a valuable help in the selection of such books. School cards prepared for the purpose are sent from the schools to the library each week, with the number of each book wanted, and the delivery in the school room is made as promptly as possible. The number sent in this way during the past year is as follows:—

Ames.	Avery.	Oakdale.	Quincy.	Dexter.	Total.
4,171	4,414	2,671	61	88	11,405

#### BRANCH LIBRARIES.

The success of the Oakdale Branch, established on November 6, 1903, as a circulating library with a reading room, leads the Trustees to suggest the same plan for the East Dedham Branch. The distance of persons from the Main Library prevents many from a convenient use of it; and it is only fair to all that books should be kept within easy access.

The East Dedham Branch now has 405 volumes, forming a valuable reference library. Therefore, it would seem wise to ask for money to buy books for circulation there; and the Trustees suggest for this purpose \$150, and \$75 for delivery.

The attendance at the two branches is here given:

East Dedham, for the year	.	.	.	.	2,028
Largest for one month, January	.	.	.	.	260
Oakdale, for the year	.	.	.	.	3,204
Largest for one month, September	.	.	.	.	380

## ESTIMATES.

In view of the urgent needs of the Library, its increasing usefulness to the townspeople, and the amount needed to open the East Dedham Branch for the delivery of books, the Trustees recommend the following estimates for appropriation:—

Salaries . . . . .	\$2,150
Books . . . . .	1,400
Fuel . . . . .	250
Lighting . . . . .	250
Printing, binding and supplies . . . . .	200
Repairs, care of lawn, etc. . . . .	200
Ground rent, expressage, etc. . . . .	50
	<hr/>
	\$4,500

JULIUS H. TUTTLE,  
*Chairman.*

## TRUSTEE'S REPORT.

---

*To the Inhabitants of the Town of Dedham:—*

THE Trustees of the Public Library desire to express their appreciation of the action of the town in the purchase of the lot in the rear of the Library building, and its incorporation into the lands of the Library. This action renders the handsome library building, with its growing collection of books, comparatively safe against fire, and will undoubtedly prove a wise and necessary move.

The condition of the Library is substantially the same as last year; the use of it continually increases, and its collection of books gradually enlarges. By the removal to the basement of the useless Government Reports and Documents, more shelf room has been secured and a better arrangement of books made practicable.

September 6, Miss Louise T. Marsh, Assistant Librarian, resigned her position, and the vacancy was filled by the choice of Miss Anna P. Rolland, her services beginning September 27.

As suggested in the Report for last year, a plan for keeping the Library open for certain hours in July and August was carried into effect, resulting to the satisfaction of the reading public.

The number of volumes in the Library is now 19,876, 1,096 new books having been added during the year, including 82 by binding magazines, of which 963 were purchased and 51 presented. A few of these were to replace books in demand which were worn out, and a few were duplicates. In addition 561 volumes have been rebound.

Dedham Public Library 11-13-12 g.

The number of volumes issued during the year increased from 37,126 in 1901, to 39,122 in 1902, 5000 being issued to the Ames school, 4278 to the Avery, 1867 to the Oakdale and 293 to the Quincy, showing as before how valuable an adjunct to the schools the Library is becoming.

The largest number of books issued in any one day was 341, Jan. 8, 1903, corresponding very nearly in number and date to the previous year.

The card system of subscribers continues to gain, 300 new ones being issued this year making in all 2792.

The East Dedham branch shows continued and increased appreciation. One hundred dollars worth of reference books have been added to that branch this year, in accordance with the vote of the Town, and the Trustees advise that still further addition be made of like nature. The readers have numbered 3261.

With the completion of the new school building at Oakdale, the Trustees hope to be able to open a new branch at that place.

An appropriation of \$3850 is recommended for the coming year, to include \$300 for general expenses and \$100 for reference books at East Dedham, and \$250 for the Oakdale branch.

For the Trustees,

WINSLOW WARREN,

Dedham, Feb. 2, 1903.

*Chairman.*

*Librarian:* JOSEPH MEEHAN.<sup>1</sup>

GEORGE A. CLOSE.<sup>2</sup>

*Asst. Librarian in charge of Delivery:* NELLIE F. RILEY.

1. Resigned January 6, 1908.

2. Elected to fill vacancy from January 7.

## REPORT OF THE TRUSTEES.

---

JANUARY 31, 1908.

*To the Inhabitants of the Town of Dedham:—*

The Trustees of the Dedham Public Library respectfully submit their report for the year ending with date.

The Board has held its stated quarterly meetings and five special meetings. On October 11 action was taken on the resignation of Frederick B. Kingsbury by notifying the Board of Selectmen of the fact. On October 27, at a joint meeting of the Selectmen and Trustees, Dr. F. Prescott Drew was chosen to fill the vacancy. Mr. Kingsbury was first elected a Trustee in March, 1901, and by his regular attendance and attention to the needs of the Library, rendered faithful service to the town.

The Book Committee has held monthly meetings with the exception of the summer months, and has endeavored to use proper discretion in the purchase of books. The Library continues to offer easy access to books, and the prompt attention and service by the Library staff.

It is noticeable that the number of books of modern fiction read has decreased, and that there has been a greater demand for books of history and travel. The list of magazines in the reading room has been increased.

During the year a few persons have availed themselves of the opportunity to borrow, through the

Librarian, books from the Boston Public Library, under a system known as the "Inter-library Loan." This service is likely to be very useful from time to time.

#### REGISTRATION.

The number of borrowers' cards, reported at the dates given below, is some indication of the increased use of the library:—

	Whole number.	East Dedham.	Oakdale.
February 1, 1905	3,299		200
" " 1906	3,470		293
" " 1907	3,738		343
" " 1908	4,061	261	400

#### BOOKS RECEIVED.

	Main Library.	East Dedham.	Oakdale.	Total.
By purchase	726	259	168	1,153
" gift	60			60

4,456	4,285	2,769	202	163	11,875

### EAST DEDHAM BRANCH.

On April 12, 1907, this branch began the circulation of books, in addition to a reading room, on the same plan as the Oakdale Branch. There has been a steady demand for books; and the number of borrowers is now 261. 277 volumes have been lent to the branch by the Main Library to supply those which could not be purchased for the circulation. These are to be returned and replaced by others. Of the whole number of books in the branch, 421 are in the reference division. About 2500 persons, in addition to those who have borrowed books, have used the reading room.

### OAKDALE BRANCH.

This Branch has proved its usefulness to the people of Oakdale. Its steady growth and selection of books have received most careful attention, and more than justify the amount spent for the purpose. The number of persons using the reading room during the past year is about 3,000, independent of the delivery of books.

### ESTIMATES.

In order to continue the work of the Library along present lines, and give needed support to the Branches, the Trustees recommend the following estimates for appropriation:—

Salaries . . . . .	\$2,150 00
Books . . . . .	1,400 00
Fuel . . . . .	250 00
Lighting . . . . .	250 00
Printing, binding and supplies . . . . .	200 00
Repairs, care of lawn, etc. . . . .	200 00
Ground rent, expressage, etc. . . . .	50 00
	<hr/>
	\$4500 00

## REPORT OF THE TRUSTEES.

---

JANUARY 30, 1909.

*To the Inhabitants of the Town of Dedham:—*

The Library needs a larger appropriation than that of last year to supply, in addition to books for the current demand, many modern and important works. Such works will make the collection of greater value to students and to the community. Owing to the lack of sufficient funds the number of books purchased was about one-half of that in the preceding year.

The constant use of the Library makes the re-binding of books a necessity, especially among those which circulate through the school delivery. To this department, too, many new books must be added to meet the increasing demand.

### BRANCH LIBRARIES.

In the two branch circulating libraries there has been an increase in the number of borrowers' cards and in the number of books taken out.

In the Oakdale Branch the circulation has risen from 6817 in 1907, to 8503 in 1908; 350 volumes have been lent by this branch to the East Dedham Branch and 150 volumes were borrowed from the Main Library. The Trustees wish to express their appreciation of the good work that Mr. Francis H. Valentine has done, both in the excellent judgment he has shown in the selection of books, and in his assistance in making the Library serviceable to the people of Oakdale.

Special attention is called to the East Dedham Branch which has made such a good record in its second year as a circulating library. That it fills a need as a reading room is shown by a record of 5048 in attendance, and its circulation of 6520 shows the wisdom of its present service. The success in this new work is largely due to our fellow-trustee Francis W. Lyons, who has given his undivided attention both to the selection of books and to its general use by the people of East Dedham. Beside 350 volumes from the Oakdale Branch it has borrowed 100 books from the Main Library.

The financial statement, Library statistics, and list of givers will be found in the following pages.

#### ESTIMATES.

The Trustees ask for an appropriation of \$5,000 to cover the purchase of additional books of permanent value, the replacing of many worn-out books, the addition of new ones in the school delivery, and the amount needed to meet the increased demand on the branch libraries. The estimate in detail is as follows:

Salaries	.	.	.	.	.	.	.	.	\$2600
Books	.	.	.	.	.	.	.	.	1500
Fuel	.	.	.	.	.	.	.	.	250
Lighting	.	.	.	.	.	.	.	.	200
Printing, binding and supplies	.	.	.	.	.	.	.	.	200
Repairs, care of lawn, etc.	.	.	.	.	.	.	.	.	200
Ground rent, expressage, etc.	.	.	.	.	.	.	.	.	50
									<hr/>
									\$5,000

Respectfully submitted,

JULIUS H. TUTTLE,

*Chairman.*

## REPORT OF THE TRUSTEES.

---

JANUARY 31, 1910.

*To the Inhabitants of the Town of Dedham:—*

The Trustees of the Public Library present their thirty-eighth annual report for the year ending January 31, 1910.

The statistics which follow will give the facts connected with the circulation of books and the expenditures.

The generous appropriation of last year has enabled the Trustees to purchase more good books, and to continue their support of the branch libraries. A beginning has also been made in the selection of important reference works and publications of special use for study and research.

A few persons have used the privilege, which is open to all card holders, given by the so-called "Inter-Library Loan," by which a book may be borrowed from the Boston Public Library, on application to our Librarian.

Early in the year a copy in marble of Canova's statue of Venus, in the Vatican, was given by Mr. Francis W. Welch; and it makes a good beginning for the artistic decoration of the Library.

Attention is called to the increased circulation of books in the branch libraries, and to their excellent service to the people of Oakdale and East Dedham.

The Trustees ask for the same appropriation as last year, \$5000.

Respectfully submitted,

JULIUS H. TUTTLE,

*Chairman.*

## REPORT OF THE TRUSTEES.

JANUARY 31, 1911.

*To the Inhabitants of the Town of Dedham :—*

The Trustees of the Public Library present their thirty-ninth annual report.

The organization of the preceding year has been continued; but changes have been made in the Library staff.

Miss Frances Maria Mann, Librarian, died on May 5, 1910, after a brief illness; and her death was a loss to all connected with the Library, its patrons, and the community at large. Her whole life was singularly devoted to the calling which she took up as a young woman when assisting her aunt, Miss Elizabeth Skillin, in the early 60's. Tracing the history of the Library back to the beginning of the "Dedham Library Association," out of which it grew, Miss Mann's service was fourth in order as Librarian, beginning with the incorporation of the "Dedham Public Library" in 1871. She was born on February 26, 1837, the daughter of Herman and Ruthy (Skillin) Mann, Jr. She was the faithful servant of the public for nearly forty years, while her actual service in connection with the Library was nearly fifty years. She will be remembered for her rare cheerfulness, and ability in making the Library useful to all. An excellent enlarged photographic likeness of her, now hanging in the delivery room, was given by Mr. Jonathan F. Guild.

Miss Anna P. Rolland, Miss Mann's assistant for several years, was chosen to succeed her. The work of the Library has prospered during the year. The

## REPORT OF THE TRUSTEES.

---

JANUARY 31, 1912.

*To the Inhabitants of the Town of Dedham :—*

The Trustees of the Public Library present their report for the year ending January 31, 1912.

During the year there has been a considerable increase in the book circulation, and there appears to have been, also, a decided increase in the number of persons using the Library, both for the purpose of exchanging books and of making use of the reading room.

With a view of improving the usefulness and efficiency of the work, it has been decided to have the Library open during the morning. Since October 23d of last year the Library has been open week days from 11 A. M. to 12 M. A number of persons avail themselves of this added privilege and the results are proving most satisfactory.

Card holders have been given the right of taking from the Library at one time either two books of fiction, or two books of non-fiction. In the past it has been allowable to take out at one time only one book of fiction, and one of non-fiction. This change has resulted in somewhat increasing the circulation of books and without question has improved the library efficiency.

The fire insurance at the present time placed on the library building and its contents is only \$15,000. The value of the books in the library alone would probably be considerably in excess of this amount. It is the opinion of the Trustees that this insurance should be substantially increased. An article, therefore, has been placed in the warrant for the coming town meeting, requesting additional insurance on the library building and its contents.

The Library has received by the will of Miss Catherine Lamson, a native of Dedham, and for many years a resident of the town, a bequest amounting to \$3,000. The income from this legacy will be of great assistance in improving the equipment of the Library.

#### BRANCH LIBRARIES.

The East Dedham Branch continues prosperous. It has shown during the year a substantial increase both in book circulation and in library attendance.

At the Oakdale Branch there has been a considerable reduction in the attendance at the library, amounting to nearly twenty-five per cent. as compared with the attendance last year. There has also been a slight falling off in the circulation.

In this connection, attention is called to the unsatisfactory situation due to the fact that it has been found necessary to utilize for regular school purposes the room in the Oakdale school that was originally allotted to the Library.

As the school is in session only during the day time, and as the library is open only in the evening, an attempt has been made to continue the use of the room for the delivery of books, and, as far as possible, for a reading room and reference room. The results of this experiment have not been altogether satisfactory.

The reading room and reference room feature of the Branch has been practically nullified by the change. The space in the room devoted to library work has been so contracted that there is not room for suitable reading tables. Persons using the room for reading are obliged to sit cramped up at school desks designed for use of children.

The delivery of books has been seriously hampered, owing to the fact that it has been necessary to place the book shelves in inconvenient places ; also,

because it has been necessary, in order to cut down the height of the book shelves, to bring the lower tiers of books practically to the floor level. By these changes it has been made exceedingly difficult for either the librarian or the public to get at the books, and the open shelf feature of the library has been practically destroyed.

At the Avery school it has also been necessary to use the library room for school purposes. In this case, however, the room is much larger, the space is not cramped, and therefore the disadvantages are not so great.

Our school buildings are designed primarily for school purposes. Problems in connection with the growth and overcrowding of schools are continually arising. The natural tendency is, therefore, for our Branch Libraries to be forced out of the school buildings. This tendency, together with the impossible conditions existing at the Oakdale Branch, make some remedial action necessary.

As a solution of this problem, it is suggested that the East Dedham and Oakdale Branch Libraries be combined, and that some suitable place, conveniently accessible to both districts, be provided for the accommodation of the combined libraries. For this purpose, either a new building could be provided, or the use of some existing building might be procured.

If the libraries could be combined in this way, not only would the existing unsatisfactory conditions be relieved, but all of the advantages would be obtained that obviously would come from bringing together into one place the working force and the equipment of the two libraries.

The necessity is urged of taking some immediate action for the relief of this situation.

## APPROPRIATION.

Mention is made below of a few items that will involve additional or unusual expenditures during the coming year.

The innovation of having the Library open in the morning involves an additional expense. It is felt, however, that this outlay is warranted by the increase in usefulness of the Library, due to this change.

A considerable amount of temporary wooden shelving has been put up in the stack room of the Library. This room is supposed to be fire-proof, the original flooring and shelving being of steel construction. It is proposed to replace during the coming year the wooden shelving with shelving that will be in keeping with the original installation.

The electric wiring in the delivery and reading room of the main Library requires attention. The wiring in this part of the building has been done from time to time, in accordance with the demand for additional lighting. The illumination is improperly distributed and the lighting results are unsatisfactory. An additional expenditure will be required to put this wiring into satisfactory condition.

During the past year the cost of rebinding books was \$189.08. This amount is more than 40 per cent. greater than the expense of book-binding for the preceding year. There is quite an accumulation of books at the present time ready for rebinding, and without a question the expenditure for this work for the coming year will be considerably increased.

It became necessary during the year to pay out for fire insurance the sum of \$171. Previous to this time the outlay for this purpose has been provided for through a special appropriation. On account of this payment for fire insurance, it has been necessary to curtail our expenditures to some extent, and this fact will tend to increase our requirements for the coming year.

The Library is still in need of money for purchasing reference books and the more serious literature.

The Trustees ask for an appropriation of \$5,500.

CRAWFORD R. BROWN, *Chairman.*

## REPORT OF THE TRUSTEES.

---

JANUARY 31, 1913.

*To the Inhabitants of the Town of Dedham:*

In accordance with the provisions of chapter 38 (section 9) of the Revised Laws of Massachusetts the board of trustees of the Dedham Public Library herewith makes its annual report to the town of its receipts and expenditures and of the property in its custody together with a statement of the unexpended balance of money received to be expended for the support and maintenance of the library during the year ending January 31, 1913, and a further statement of the gifts or bequests which it holds in behalf of the town, with its recommendations.

The board has received during the past year from all sources, exclusive of the Lamson bequest, \$6392.94 and of said sum has expended for all purposes \$5883.66, leaving a balance of \$509.28 which will be a little more than sufficient to pay the salaries for the two months of February and March, 1913, pending further appropriation. A complete statement of receipts and expenditures fully itemized and classified has been prepared by the librarian and is appended to this report. A statement of the gifts and bequests to the library held by the town treasurer, who acts as the treasurer of the board, will be found in the town treasurer's report.

The main library building which has now been occupied nearly twenty-five years, has been kept in

good repair by the successive boards to whom it has been intrusted. The building and contents are insured for \$15,000. In the stack room of the main library there is need of additional metal shelves, and the board is also of the opinion that the wooden shelves in the stack room should be removed to be replaced when necessary by metal shelves. A warping or deflection of the upright iron supports of the shelves in the stack room was noticed and the trustees employed Mr. Edward Rawson, an architectural engineer, to examine the conditions and make report thereon. This report did not discover any alarming conditions but suggested that if further deflection should occur certain reinforcements could be made at an expense of \$200.

A pop safety valve, connection for inspector's test gage and a new glass for the steam gage were attached to the boiler at the main library in compliance with a notice from the state boiler inspector. The work was done by Messrs. Braman, Dow & Co. of Boston, the makers of the boiler, at an expense of \$59.66.

The statistics prepared by the librarian showing the number of card holders, books acquired and circulation, are evidence of a substantial increase of activity both in the main library and in the branches. The school delivery has been exceptionally heavy during the past year and has required extra hours and expense. A classified list of books purchased for the main library during the past year is also appended to this report.

In the main library, beside the much needed installation of new lighting fixtures, which has effected

a thorough transformation in that most important feature of the reading room equipment, an additional card index case, a new delivery tray and a desk for the librarian have been procured to meet the demands of the increasing volume of work which falls upon the librarian and her assistants. The board has also added a new case for the display of books, hoping that by this means users of the library will more readily find books to interest or stimulate. There will now be opportunity to display upon open shelves in the reading room some 1,200 selected books which may be borrowed, that is, exclusive of reference books. These books will include all the latest additions to the library as well as general works of more than transient popularity or interest. It is well-known that the reading habit, like other habits, is one which grows. It is the hope of the board that by giving the users of the library a readier access to a larger number of the attractive books, the reading habit will be developed more generally and will be less and less devoted to the light and evanescent type of fiction so often found among the "best sellers."

In order to secure to the users of the library a surer opportunity of reading books specially desired, the board has adopted a rule whereby, upon leaving with the librarian an application, notice will be sent that the desired book has been returned to the library and will be held for immediate delivery to the applicant. The extensive use of this provision has proved its need.

Miss Brown, agent of the Massachusetts Free Public Library Commission, gave to the board a most

interesting and instructive talk upon the use and administration of Public Libraries. Miss Brown suggested to the board that a children's department would add much to the usefulness of our main library. The board feels that the existing insufficiency of accommodations for juvenile readers is a serious defect in our library equipment, and that immediate steps should be taken to improve conditions in this respect. The original plan of the library provided no place for children and indeed it was not expected at the time when the library was built that children under fourteen would use the library. A small space to the right of the entrance has for several years been set off and to some extent furnished for the especial use of the children. In order, however, really to give the children suitable quarters, it would be necessary to have a separate room furnished for their especial use. This would also involve a special attendant during the hours when the room was open. The large room on the second floor now used solely for the meetings of the trustees could be adapted for this use at some expense. The board hopes to see its way to more extended work in this direction.

Miss Brown also recommended a further extension of the subject catalogue as much needed to complete the usefulness of the library. This work would require a special appropriation for the purpose and it is the opinion of the board that it should be undertaken without delay. An expenditure of \$450 would secure the service of a skilled cataloguer for six months and would go far to bring the catalogue up to a proper standard of usefulness.

## BRANCH LIBRARIES.

The East Dedham Branch has continued its usefulness and popularity in spite of the conditions under which it is obliged to continue its work. It is obvious to the board that it is now but a short time before new quarters must be sought for this branch owing to the steady encroachments of the need of the room for school purposes.

Acting under the vote of the town the board at its meeting June 18, 1912, voted to furnish and use the two ground floor rooms on the southerly side of the old Oakdale school building as temporary quarters of the Oakdale Branch of the Public Library for the period of two years under the following conditions: The board of selectmen to put the said room in a tenantable condition by laying a new floor in the large room and by painting and refinishing said rooms, partitioning the hall way, providing hot water heater and electric lighting and making the necessary minor repairs ; the trustees to pay the running expenses of the rooms as long as they are the sole occupants of the building. The work of fitting the rooms having been done by the town the branch was able to occupy its present quarters on September 1, 1912.

While these rooms provide acceptable temporary quarters for the Oakdale Branch the board urges that some definite plans for the future must be made for this branch as well as for the East Dedham branch, if these branches are to continue to fill the library needs of the communities where they are situated. The exterior of the building where the Oakdale

Branch Library is now located should be repainted and the windows reglazed.

### APPROPRIATIONS.

The board submits the following estimates of receipts and expenditures for the year 1913:

#### *Receipts.*

Balance on hand (to cover expenses for February and March, 1913) . . . . .	\$500 00
Income . . . . .	300 00
Fines . . . . .	150 00
Town appropriation . . . . .	5,500 00
	<hr/>
	\$6,450 00

#### *Expenditures.*

Salaries . . . . .	\$2,800 00
Books, periodicals and rebinding . . . . .	2,100 00
Printing . . . . .	50 00
Supplies . . . . .	100 00
Fuel and lighting . . . . .	500 00
Repairs . . . . .	300 00
Miscellaneous, including ground rent, etc. . . . .	100 00
Balance for February and March ex- penses 1913 . . . . .	500 00
	<hr/>
	\$6,450 00

In accordance with these estimates the board recommends an appropriation for general library expenses of \$5,500 for the year 1913. The board further recommends that, as in past years, a special appropriation of \$200 be made to provide for the heating, lighting and janitor's care of the Oakdale Branch

Library rooms. It also recommends that a special appropriation be made to provide for exterior painting and reglazing of the building in which the rooms are situated and also for the extension of the subject catalogue at the main library.

For the Trustees,

R. B. WORTHINGTON,

Dedham, Feb. 5, 1913.

*Chairman.*

## REPORT OF THE TRUSTEES

---

To the Inhabitants of the Town of Dedham:

In accordance with the requirements of law the board of trustees of the Dedham Public Library herewith makes its report of its receipts and expenditures and of the property in its custody, together with a statement of the unexpended balance of the money received or appropriated, to be expended for the support and maintenance of the library during the year beginning February 1, 1914 and ending December 31, 1914, and a further statement of the gifts or bequests which it holds in behalf of the town, with its recommendations.

The library appropriations and receipts from all sources from which expenditures might be made during the year (11 months) ending December 31, 1914, amounted to \$6,925.93. The expenditures for all purposes during said period amounted to \$6,458.40. The sum of \$467.53 thus left as an unexpended balance represents a sum which would have been applied to library purposes had the year been carried a full term of twelve months ending January 31, 1915, the annual appropriation in April, 1914 having been made upon a twelve months basis. A complete statement of receipts and appropriations and of expenditures, itemized and classified, is annexed to this report. The sum of \$161.40 received during the year for fines on overdue books, in payment for lost or damaged books and for "reserve" postal cards was paid into the town treasury. The amount expended during the year 1914 for books, periodicals, and binding was about one-third of the whole amount expended for all library purposes. This unusually large proportion of expenditures solely for reading matter should be a source of satisfaction to readers.

The bequest of \$5,000 under the will of Edward Peniman will become payable April 28, 1915. A statement of

former gifts and bequests of money to the library, now held by the town treasurer as treasurer of the board of library trustees, is appended to this report, as is also a list of those who have given books to the library during the last year. A list of books purchased for the main library and the branches and statistics as to circulation, prepared by the librarian are also appended. Continued progress is shown in every branch of the work of the library.

The exhibition of pictures furnished by the Library Art Club has been continued through the year in the trustees room. This exhibition has been in charge of a committee of the Dedham Woman's Club.

Eight hundred and thirty-six volumes were purchased during the year for the main library, of which 512 were new titles, classified as follows:—

- 15 Philosophy and Religion.
- 49 Politics and Sociology.
- 31 Science and Useful Arts.
- 19 Fine Arts and Amusements.
- 69 Literature, Drama and Poetry.
- 63 History and Biography.
- 34 Description and Travel.
- 152 Fiction.
- 80 Juvenile Fiction.

For the branch libraries 389 volumes, mainly fiction, were purchased, 226 being for the Oakdale Branch, and 163 for the East Dedham Branch.

The matter of adequately housing the branch libraries remains a serious problem. The rooms in the old Oakdale School building which were fitted up in 1912 as temporary quarters of the Oakdale Branch Library for the period of two years are for the present acceptable as temporary quarters. The conditions which prevail at the East Dedham Branch seriously impair the important work which that branch is intended to carry out. With the growth of

the population the needs of the school and the branch library have both increased. The library needs, however, have had to yield to the claims of the school, and under the present conditions this most important work of the library is being subjected to a process which might properly be described as slow strangulation. Both in this state and in other states rooms in school buildings are set apart for special library purposes. In building new school houses plans are adopted which include suitable and permanent quarters for branch libraries. The board urges that the steps soon to be definitely undertaken by the town for the relief of school congestion in connection with the proposed new High School Building will also take into account the educational influence of the public library and will meet a most pressing need in its development by providing suitable and attractive rooms for our branch libraries.

In response to a demand from the people of the Riverdale District the board has tentatively provided for the delivery of books to card holders in that district through a local deposit station, space for which has been supplied in the building built and used for social and religious gatherings in that community. This plan if continued will incur some additional expense which is included in our estimates. Delivery of books to the children of the Riverdale School was also begun during the year.

Complying with the requirements of law the trustees on December 21, 1914, transmitted to the accounting officer of the town estimates of the accounts necessary for the proper maintenance of the library and branches during the year 1915. The estimates and accompanying statements follow:—

### Estimated Expenditures.

from general appropriation and income from invested funds :

Salaries	\$3,000.00
Books	1,400.00
Periodicals	380.00
Binding	350.00
Printing	50.00
Supplies	100.00
Express	100.00
Fuel and lighting	500.00
Repairs	270.00
Miscellaneous	100.00
	<hr/>
	\$6,250.00

### From special appropriations :

For lighting, heating and care of East Dedham Branch Room	\$150.00
For lighting, heating and care of Oakdale Branch Room	200.00
For expense of delivery of books in Riverdale District	100.00
	<hr/>
Total	\$6,700.00

The above figures include an increase of \$100 on account of salaries, of \$200 on expenditures for books and of \$40 on fuel and lighting. The increases are based upon the amounts expended for these purposes during the past year and are asked for as necessary for the proper maintenance of the library. The increase of the total amount asked for by general appropriation over the amount appropriated for 1914 is \$200.

In accordance with these estimates the board recommends a general appropriation of \$5,950 and separate special appropriations of \$150 and \$200 to cover the expense of heating, lighting and care of the rooms occupied by the East Dedham and Oakdale Branch Libraries respectively

and a further special appropriation of \$100 to cover the expense of distributing books from a proposed deposit station in the Riverdale District.

The trustees have in mind at present no other changes requiring special outlays over the expenditures during the past year.

The income received from invested funds during the past year was \$313.96. It is estimated that \$300 will be received from this source during the year 1915.

The income likely to be received by the Town during 1915, from fines paid by borrowers for overdue books and in payment for lost or damaged books and for "reserve" postal cards is estimated at \$150.

For the Trustees,

R. B. WORTHINGTON,

January 20, 1915.

Chairman.

## LIBRARY ENDOWMENT

---

Charles Bullard Fund, invested as follows,  
viz:—

Dedham Institution for Savings	\$1,400.00
Provident Institution for Savings	700.00
Franklin Savings Bank	1,000.00
	<hr/>
	\$3,100.00

### *Main Library.*

Librarian: Anna P. Rolland.

Assistant Librarian: Sarah K. Staples.

Second Assistant Librarian: Edith H. Smith.

### *Oakdale Branch Library.*

Librarian: Rachael P. Valentine.

Custodian: \*David C. Valentine.

Custodian: William H. King.

### *East Dedham Branch Library.*

Librarian: Nellie F. Riley.

Assistant: Effie MacLeod.

\*Resigned.

## REPORT OF THE TRUSTEES

---

*To the Inhabitants of the Town of Dedham:*

In accordance with the requirements of law the board of trustees of the Dedham Public Library herewith makes its report of its receipts and expenditures and of the property in its custody, together with a statement of the unexpended balance of the money received or appropriated, to be expended for the support and maintenance of the library during the year ending December 31, 1915, and a further statement of the gifts or bequests which it holds in behalf of the town, with its recommendations.

The library appropriations and receipts from all sources from which expenditures might be made during the year ending December 31, 1915, amounted to \$7043.92. The expenditures for all purposes during the year amounted to \$6741.24. The sum of \$302.68 thus left as an unexpended balance represents a balance of \$73.25 of the \$100 appropriated for the Riverdale Deposit Station and \$229.43 of the income from invested funds accruing during the year. A complete statement of receipts and appropriations and of expenditures, itemized and classified, is annexed to this report. The sum of \$200.22 received during the year for fines on overdue books, in payment for lost or damaged books and for "reserve" postal cards was paid into the town treasury.

Of the bequest of \$5000 under the will of Edward Penniman, \$3000 was received June 24, 1915. A statement of all gifts and bequests of money to the library, now held by the town treasurer as treasurer of the board of library trustees, is appended to this report, as is also a list of those who have given books to the library during the last year. A list of books purchased for the main library and the branches and statistics as to circulation prepared by the librarian are also appended. Continued progress is shown in every branch of the work of the library.

The exhibition of pictures furnished by the Library Art

Club has been continued through the year in the trustees room. This exhibition has been in charge of a committee of the Dedham Woman's Club.

Eight hundred and fifty-eight volumes were purchased during the year for the main library, of which 618 were new titles, classified as follows:—

- 9 Philosophy.
- 12 Politics and Sociology.
- 27 Science and Useful Arts.
- 19 Fine Arts and Amusements.
- 47 Literature, Drama and Poetry.
- 80 History and Biography.
- 29 Description and Travel.
- 13 Reference Works.
- 210 Fiction.
- 119 Juvenile Fiction.

For the branch libraries 492 volumes, mainly fiction, were purchased, 233 being for the Oakdale Branch, and 259 for the East Dedham Branch.

Various minor repairs and improvements have been effected in the Main Library building during the past year. The need of a special room for the use of the children becomes daily more insistent. To provide a room for this purpose it will be necessary to make changes or additions in the present building. The board feels that conditions demand that plans be made for a definite step in this direction.

The board has received intimation that the room at the Avery School which has been used by the library since the school house was opened in 1896 will soon be taken for exclusive school use. The rooms in the old school building at Oakdale continue to provide fairly convenient and comfortable quarters for the Oakdale Branch. These quarters, it is understood, are to be used by the library only so long as the rooms are not needed for school purposes and the present occupation is likely to be terminated in the near future. Thus it appears that the housing of the branch libraries is upon a very uncertain basis.

That this should be so, in the face of their record of years of uninterrupted growth and usefulness seems to call for some action by the town which will give the branch libraries permanent and adequate accommodations. The Riverdale Deposit Station was opened in November. It is expected that the work will be continued and will increase during the coming year.

Complying with the requirements of law the trustees on December 21, 1915, transmitted to the accounting officer of the town estimates of the accounts necessary for the proper maintenance of the library and branches during the year 1916. The estimates and accompanying statements:—

	<i>Estimated Expenditures</i>		<i>Actual Expenditures</i>
	<i>for 1916</i>	<i>for 1915</i>	<i>in 1915</i>
Salaries .....	\$3,100.00	\$3,000.00	\$3,006.75
Books .....	1,400.00	1,400.00	1,455.25
Periodicals .....	375.00	380.00	373.53
Binding .....	375.00	350.00	354.35
Printing .....	50.00	50.00	45.00
Supplies .....	200.00	100.00	214.06
Express .....	150.00	100.00	56.32
Fuel and lighting .....	500.00	500.00	503.24
Repairs .....	200.00	270.00	221.77
Miscellaneous .....	150.00	100.00	134.22
	<hr/>	<hr/>	<hr/>
	\$6500.00	\$6250.00	\$6364.49
East Dedham, fuel, lighting and care .....	150.00	150.00	150.00
Oakdale, fuel, lighting, and care .....	200.00	200.00	200.00
Riverdale, expenses of delivery .....	100.00	100.00	26.75
	<hr/>	<hr/>	<hr/>
	\$6,950.00	\$6,700.00	\$6,741.24

The above figures show an estimated increase for the year 1916 of \$250 over the amount estimated for the year 1915, such

increase to be expended for the purposes shown by the above tabulation. The increases are based upon amounts actually expended during the past year and additions deemed necessary for the proper maintenance.

In accordance with these estimates the board recommends a general appropriation of \$6,085.00 and separate special appropriations of \$150.00 and \$200.00 to cover the expense of heating, lighting and care of the rooms occupied by the East Dedham and Oakdale Branch Libraries respectively and a further special appropriation of \$100.00 to cover the expense of distributing books from a deposit station in the Riverdale district.

The trustees have in mind at present no other changes to be effected during the coming year which will require special outlays over the expenditures during the past year.

The income received from invested funds during the past year was \$329.96. It is estimated that \$415.00 will be received from this source during the year 1916.

The income likely to be received by the Town during 1916, from fines paid by borrowers for overdue books and in payment for lost or damaged books and for "reserve" postal cards is estimated at \$175.00.

For the Trustees,

R. B. WORTHINGTON,

January 10, 1916.

*Chairman.*

## REPORT OF THE TRUSTEES.

---

To the Inhabitants of the Town of Dedham:

In accordance with the requirements of law the Board of Trustees of the Dedham Public Library herewith makes its report of its receipts and expenditures, and of the property in its custody, together with a statement of the unexpended balance of the money received, or appropriated to be expended for the support and maintenance of the library during the year ending December 31, 1916, and a further statement of the gifts or bequests which it holds in behalf of the town, with its recommendations.

The library appropriations and receipts from all sources from which expenditures might be made during the year ending December 31, 1916, amounted to \$7229.33. The expenditures for all purposes during the year amounted to \$6466.48. The sum of \$762.85 thus left as an unexpended balance includes a balance of \$79.25 of the \$100 appropriated for the Riverdale Deposit Station and \$464.90 of the income from invested funds accruing during the year. Unpaid bills incurred but not presented for payment in season to be included in 1916 expenditures amount to \$244.42.

A complete statement of receipts and appropriations, and of expenditures, itemized and classified, is annexed to this report. The sum of \$236.05 received during the year for fines on overdue books, in payment for lost or damaged books, and for "reserve" postal cards was paid into the town treasury.

Of the bequest of \$5000 under the will of Edward Penniman \$1750 was received July 31, 1916, making a total of \$4750 received under this bequest. A statement of all gifts and bequests of money to the library, now held by the town treasurer as treasurer of the board of library trustees, is appended to this report, as is also a list of those who have given books to the library during the past

year. A list of books purchased for the main library and for the branches, and statistics as to circulation, prepared by the librarian, are also appended. The decrease in circulation in all branches is accounted for by the general disuse of the library during the period of about six weeks in which the danger of an infantile paralysis epidemic was a popular item of news and subject of discussion.

808 volumes were purchased during the year for the main library of which 624 were new titles, classified as follows:—

- 3 Religion.
- 7 Philosophy.
- 35 Politics and Sociology.
- 44 Science and Useful Arts.
- 34 Fine Arts and Amusements.
- 57 Literature, Drama and Poetry.
- 102 History and Biography.
- 37 Description and Travel.
- 26 Reference Works.
- 200 Fiction.
- 79 Juvenile Fiction.

For the branch libraries 412 volumes, mainly fiction, were purchased, 217 being for the Oakdale Branch and 195 for the East Dedham Branch.

After considerable deliberation the trustees have decided to establish at the main library a special room for the use of the children. The room which has been known as the Trustees' Room has been selected for this purpose. The approach to the room is somewhat inconvenient and the matter of proper lighting, heating, ventilating may present some difficulties but the fundamental need,—space,—is fairly well met. The preparation of the room for its new use and the services of a special attendant will necessitate an increase of expenditure. The trustees have felt that there was imperative need of a children's room to enable the library properly to carry out its work, and ask your support and co-operation in this important step.

The exhibition of Library Art Club pictures has been continued through the year, the exhibition being in charge of a committee of the Dedham Women's Club.

The trustees received notice from the school authorities in October that the reading room at the Avery School heretofore used by the East Dedham Branch Library was required for use by the school exclusively. Steps were taken to secure new quarters and a room in the new block at the corner of Walnut and High Streets in Boyden Square was engaged by the trustees. While this room is too small to give the branch library a full opportunity, its convenient location should go far to offset the disadvantages which would otherwise prove detrimental to the work of this most important branch.

The work of the Oakdale Branch has been carried on in the present quarters with general satisfaction and comfort. It is to be hoped that the rumors of dispossession by the school committee in the near future will prove groundless.

The circulation through the Riverdale Deposit Station in 1916 was 790 volumes. The growth of this station has not been what the trustees hoped for.

Complying with the requirements of law the trustees, on December 21, 1916, transmitted to the accounting officer of the town estimates of the amounts necessary for the proper maintenance of the library and branches during the year 1917. The estimates and accompanying statements follow:

	Estimated Expenditures for 1917	Actual Expenditures for 1916	Actual Expenditures in 1916
Salaries .....	\$3200.00	\$3100.00	\$3007.31
Books .....	1500.00	1400.00	1356.04
Periodicals .....	400.00	375.00	389.61
Binding .....	375.00	375.00	390.94
Printing .....	50.00	50.00	46.25
Supplies .....	200.00	200.00	142.13
Express .....	75.00	150.00	44.57
Fuel and lighting .....	550.00	500.00	411.81
Repairs .....	200.00	200.00	160.73
Miscellaneous .....	150.00	150.00	146.34
	<hr/> \$6700.00	<hr/> \$6500.00	<hr/> \$6095.73

East Dedham Branch			
Rent .....	\$300.00		
Lighting .....	30.00		
Care .....	50.00		
Fittings .....	120.00		
		500.00	150.00
			150.00
Oakdale Branch			
Fuel, lighting and care	200.00	200.00	200.00
Riverdale Deposit Station			
	100.00	100.00	20.75
	\$7500.00	\$6950.00	\$6466.48

The above figures show an increase of \$550 over the amount estimated for the year 1916. This increase is due largely to the additional expense involved in the change of quarters for the East Dedham Branch which was made necessary by the requirements for the school use of the room heretofore occupied at the Avery School.

The trustees also recommend a further appropriation of \$1200 to cover the expense of fitting out and maintaining a Children's Room at the Main Library.

In accordance with these estimates the board recommends a general appropriation of \$6225.00. Special appropriations of \$500 and \$200 to cover the necessary expenses of rent and care of the rooms occupied by the East Dedham and Oakdale Branches, respectively: of \$100 to cover expense of distributing books from the deposit station in the Riverdale District, and of \$1200 to cover the expenses of establishing and maintaining a children's room at the Main Library.

The trustees have in mind no other changes which will require special outlay during 1917.

The income received from invested funds during the past year was \$464.90. It is estimated that \$525 will be received from this source during the year 1917.

The income likely to be received by the Town during 1917, from amounts imposed as fines for overdue books and in payment for lost or damaged books and for "reserve" postal cards is estimated at \$220.00.

R. B. WORTHINGTON,  
Chairman.

January 9, 1917.

## LIBRARY ENDOWMENT

Charles Bullard Fund, invested as follows,  
viz:—

Dedham Institution for Savings.....	\$1,400.00
Provident Institution for Savings.....	700.00
Franklin Savings Bank.....	1,000.00
	<hr/>
	\$3,100.00

George Hatton Fund, invested as follows,  
viz:—

Dedham Institution for Savings.....	\$1,000.00
-------------------------------------	------------

Danforth P. Wight Fund, invested as follows,  
viz:—

Dedham Institution for Savings.....	\$1,025.00
-------------------------------------	------------

Catherine M. Lamson Fund, invested as follows,  
viz:—

Dedham Institution for Savings.....	\$3,000.00
-------------------------------------	------------

Edward Penniman Fund, invested as follows,  
viz:—

Dedham Institution for Savings.....	\$4,750.00
	<hr/>
	\$12,875.00
